A registered nutrition professional with a solid research background, industry experience and a teaching portfolio. I am interested in developing a career which combines teaching and research, while maintaining my interest in public engagement with nutrition and the wider STEM field.

## Education

### Liverpool John Moores University (2014-2017)

PhD

NHS/LJMU funded research titled 'The role of parents and schools in the nutritional choices made by children aged 10-14' (Abstract in Appendix 1). Joint supervisors: Professor Alison LaMotte, Department of Nutrition and Food, LJMU and Dr Henling Strauss, Professor of Paediatrics, Chester University Hospital.

### University of Nottingham (2007-2010)

BSc Nutrition and Food Science

Modules included nutrition and the health of populations, trends in food research and nutrition, metabolism and disease. Final-year project on 'Food flavourings - physical and psychological effects on children' based on research carried out through a Nutrition Society Summer Studentship.

### Notts County High School (2003-2010)

A-levels: chemistry, biology, geography. AS level maths.

GCSEs including English language and English literature.

## Teaching/supervising experience

### Teaching assistant, Liverpool John Moores University (2015-present)

- Supervising undergraduate dissertations
- Assisting with programme development and student assessment
- Delivering teaching sessions on BSc Nutrition and Nutrition and Public Health
- Student assessment

### Guest lecturer, BSc Nutrition and Food Science, University of Nottingham (2016)

- Delivered five lectures by invitation
- Supervised and assessed student presentations

### Summer school lecturer, Liverpool John Moores University (2015-2016)

- Coordinating summer school programme
- Devising and delivering interactive teaching sessions

# Academic CV example

Page 1 of 3

1. A brief introductory statement can be a useful summary of your skills and experience as well as an indicator of your career ambitions.
2. You need to give details of your research, but don't take up valuable space on page one of your CV.
3. List key subjects rather than all your GCSEs.

- Nutrition Society Student Member and member of Student Council

## Other qualifications

- Levels 3 Award in PTLLS - Preparing to Teach in the Lifelong Learning Sector
- Level 4 Certificate in Education and Training

# Academic CV example

Page 2 of 3

4. Unlike other CVs, academic CVs are often several pages.  
But it still needs to be concise and to the point.

---

5. Conferences, awards and professional memberships should all be shown,  
where relevant.

---

# Academic CV example

Page 3 of 3

6. Include your employment - even temporary or part time can be worth listing.  
It shows another side of you - and your experience of the world outside academia.

---

7. An academic CV (unlike other types) gives details of your referees.  
Include a non-academic one if you can.

---
